WYNWOOD
SERIES 2019

The WYNWOOD collection is the world's premier water-proof wood finished buffet collection.

With 14 months of research and development, Skyra has dedicated itself to resolving one of the largest pain points in the professional food service industry today. The WYNWOOD collection directly addresses the issue of wood being a huge trend in tableware, but not safe for food serving or cleaning.

This innovative series is built using food-safe grade stainless steel, new-age composite materials and proprietary wood coatings that all work seamlessly together to achieve a beautiful, comprehensive and modular solution to buffet service. It is food safe, easy to clean, does not breed bacteria or warp in extreme temperature conditions.

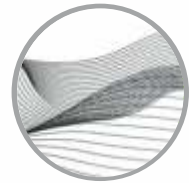

Wood Finish

Induction Friendly

Water Proof

Warp Proof

Modular

Fire Retardant

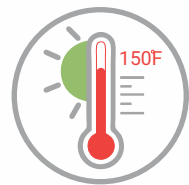

Handwash Only

Termite Proof

Handle with Care

Max Temp 150 °F
(65 °C)

The WYNWOOD collection is a versatile and intelligent collection. With the universal base as the heart of the system, the collection can be adapted to all types of utilities.
